128 credits – minimum required for graduation

- (1) Suitable science elective I courses are shown on SEAS approved list.
- (2) Suitable advanced science electives should be chosen from 2000, 3000, and 4000 level science or mathematics courses approved for science majors. See list on SIE website for details.
- (3) Nine credits of humanities and social science electives should be selected in a related subject area of humanities and social sciences. See link to appropriate courses on SIE website
- (4) Nine credits of applications electives should be selected in a related applications area of systems engineering. See list on SIE website.
- (5) Technical electives – see technical electives policy on SIE website.
